

Management Plans happening at Goulburn-Murray Water storages across northern Victoria.

What are Land and On-Water Management Plans? These Plans will guide how G-MW and other agencies manage activities, facilities and development on and around water storages. The Plans focus on cultural, recreational, environmental and water quality management issues at water storages but are not designed

to make recommendations on storage operations – such as water levels and releases.

Managing water storages this winter G-MWs Managing Water Storages webpage details information on current and forecast nonoperational water releases from storages as well as links to weather and flood information.

G-MW seeks customer feedback on services

Welcome Gary Fox - our new Team Leader at Lake Eildon G-MW would like to welcome our new Team Leader Land and On-Water for Lake Eildon. Gary Fox will be responsible for the delivery of land and on-water management services based at G-MW's Eildon office. Contact Gary on (03) 5774 3900 or email garyf@g-mwater.com.au

You have the opportunity to share your views on G-MW's performance through our online Customer Satisfaction Survey. The survey is available to all customers until 5pm, Friday 17 August 2012.

Information provided during the survey is treated in the strictest confidence and is only used for the purpose of improving G-MW's services. Click here to complete G-MW's Customer Feedback Survey online. Lake Eildon Goulburn Weir (Lake Nagambie) MISSED AN EDITION? Waranga Basin Lake Eppalock

G-MW has released a recreational guide showcasing the best Lake Eppalock has to offer. Find out what's best to catch, the history of the area and how the dam operates. The brochure is water and tear resistant and features a detailed boating map, so you can take it with you when you're out on the lake. The Lake Eppalock Recreational Guide is available from local tourist information centres, G-MW customer service centres and online. Where is the Plan up to? DRAFT PLAN
