

Welcome to the ninth edition of e-storage update

This e-storage update is designed to keep you regularly updated on Land and On-Water Management Plans happening at Goulburn-Murray Water storages across northern Victoria.

You have been sent this edition because you registered your interest on our website. If you'd like to unsubscribe at any time please use the 'opt-out' button below.

What are Land and On-Water Management Plans?

These Plans will guide how G-MW and other agencies manage activities, facilities and development on and around water storages. The Plans focus on cultural, recreational, environmental and water quality management issues at water storages but are not designed to make recommendations on storage operations – such as water levels and releases.

Caring for storages this summer

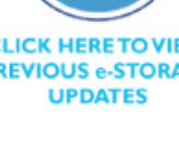

Summer is a busy time of year at dams and lakes around Victoria. You can help protect your water storage and enhance the enjoyment and safety of others by following these simple guidelines:

- Help keep areas around storages clean and protect the environment by taking your rubbish home with you.
- Vehicles and motorbikes may be used on roads open to public vehicles. All vehicles must be registered and drivers licensed. Abide by speed limits.
- A Motor Boat Licence is required when operating a motorised boat in Victorian and NSW waters.
- All plants, animals and historical sites are protected by law and must not be removed or disturbed.

Be safe and take care on our waterways this summer.

Lake Eildon

Thank you to everyone who participated in the consultation stage of the Lake Eildon Land and On-Water Management Plan. A Draft Plan has been prepared and is **now available** for comment.

We value your feedback on the Draft Plan, in particular your views on:

- The vision
- Key strategy areas
- Suggested actions

You can provide feedback by:

1. Attending one of the community meetings to discuss the Draft Plan. [Register your details here](#) to receive community meeting details.
2. Filling in a [feedback form](#) and sending it to:

Tanya Camplin
The Regional Development Company
PO Box 25
WANGARATTA VIC 3676
t.camplin@regionaldevelopment.com.au

Feedback should be submitted by Monday 26th March 2012. All written responses will be considered prior to finalising the Plan.
